

## LABOUR MARKET INFORMATION (LMI) HELP DESK SERVICE EXPANDS ACROSS EASTERN ONTARIO

April 9th, 2021

Cornwall, ON -The Eastern Ontario Training Board (EOTB) is collaborating with local workforce planning boards to expand Labour Market Information (LMI) Help Desk services in Eastern Ontario to Stormont, Dundas, Glengarry (SDG), Prescott-Russell (P-R) and Akwesasne through an Ontario Labour Market Partnership project funded by the Ministry of Labour, Training and Skills Development.

Using processes and enhanced marketing developed by Workforce Development Board (WDB) based in Peterborough, the EOTB will implement an LMI Help Desk service for SDG, P-R and Akwesasne. EOTB's LMI Help Desk will provide an on demand LMI service. With this information they gain a better understanding of labour market trends, in-demand local occupations and wages, demographics, top industries in the region and more.

EOTB will continue to respond to a range of LMI questions in SDG, PR and Akwesasne where the information and data analysis provided has a positive impact on the local labour market. This information has been used to support the development of education and skills training programs, grant applications, recruitment by local employers, career planning and knowledge of local industry trends.

“This expansion is great news for our region,” said Martha Woods, Executive Director of the Eastern Ontario Training Board. “Our LMI Help Desk service is an excellent community resource for local labour market information, trends, occupations, wages, demographics and more.”

For more information about EOTB's LMI Help Desk service, or to submit your inquiries, please contact Diane Soucie, Labour Market Analyst, by email at [diane@eotb-cfeo.on.ca](mailto:diane@eotb-cfeo.on.ca) or call 613-932-0210.
